

## T. P. A. CONVENTION

Association of America, Two  
Thousand Strong, Met  
in Asheville.

## GOV. KITCHIN MADE ADDRESS

Clash Between President Gray and  
Member National Board—Street  
Parade—Warm Contest For  
Secretary's Office.

(By Wire to the Morning Star.)  
Asheville, N. C., May 31.—With an  
attendance estimated at nearly two  
thousand, the twentieth annual  
convention of Travelers Protective As-  
sociation of America was called to order  
at the auditorium this morning Presi-  
dent H. O. Gray, of Louisville, Ken-  
tucky, presiding.

Governor W. W. Kitchin, delivered  
the address of welcome in behalf of  
the State, and the Hon. Locke Craig  
performed a similar office for the city.  
The response was made by President  
Gray. A street parade in which the  
T. P. A. delegates, Southern Railway  
officials, military organizations and  
fraternal societies, variously esti-  
mated, preceded the calling of the con-  
vention to order. The first business  
session of the Association, held this  
afternoon was taken up by the reading  
of the committee on rules, the presi-  
dent, the secretary and treasurer and  
the chairman of the National board  
of directors.

A clash between President Gray and  
W. O. Hudson, of the National board  
of directors, seemed imminent during  
the reading of the former's report. Mr.  
Hudson declared a statement in the  
president's report to be untrue and  
demanded that it be corrected. A re-  
ference to the secretary's records show-  
ed that Mr. Hudson's claims were based  
on facts and President Gray con-  
sented to the correction. The objec-  
tionable part of the president's report  
was a statement to the effect that an  
attorney had been appointed by the  
National board of directors and dis-  
missed a month later because the di-  
rectors thought that a younger man  
could fill the position more efficiently.  
The secretary's records showed that  
the dismissal of the attorney did not  
take place until a year after appoint-  
ment. During this session, Colonel  
John S. Harwood announced that he  
would retire from the chairmanship of  
the legislative committee after serv-  
ing for sixteen years. A reception to  
Mrs. W. W. Kitchin, the Governor's  
wife, at the Victoria Inn this afternoon  
and a public reception to the Governor  
at Harry Park tonight were among  
the features of elaborate entertain-  
ments for the visitors.

Interest among the delegates is cen-  
tered around the warm contest for  
the office of secretary and treasurer  
between Lewis T. LaBeaume, of Louis-  
ville, and Schuyler T. Logan, of La-  
Fayette, Ind. Mr. LaBeaume has been  
secretary and treasurer of the Travel-  
ers Protective Association since its or-  
ganization in 1890. Several efforts  
have been made to oust him from the office  
but this year the opposition to him  
claims to have perfected its organiza-  
tion and the election of Logan is pre-  
dicted by the Indiana members' ad-  
mirers.

Chattanooga, Tenn. and Omaha,  
Neb., and Philadelphia are making  
strong bids for next year's convention.

Young Evans, the New York prize  
fighter, charged with involuntary man-  
slaughter because of the death of  
"Greek Jimmy Ryan" (James Kuer-  
zes), of Terre Haute, on Friday night  
was given a preliminary hearing in  
the recorder's court at Savannah yester-  
day and dismissed. Ryan was buried  
in Savannah yesterday afternoon.

## OUTLINES.

The strike of the firemen on the  
Georgia Railroad is still unsettled and  
both the officials of the railroad and  
the firemen have appealed to a Board  
of Arbitration. Commissioner of La-  
bor Neill and Chairman Knapp gave  
up the fight to bring about peaceful  
relations.—The Travelers' Protective  
Association of America convened in  
Asheville yesterday with over 2,000  
members present. The welcome ad-  
dress was made by Governor Kitchin,  
and Hon. Locke Craig, responded in  
behalf of the city.—In the United  
States Senate yesterday the duty on  
lemons was increased and a reduction  
of from 12 to 10 cents a hundred  
pounds on salt was adopted; Senator  
Smith, of South Carolina, opposed pro-  
tection for cotton and that question  
was deferred.—The ram Katahdin is  
now being prepared at Philadelphia  
and a demonstration will be made to  
test the fitness or unfitness of her  
type of warship for service.—James  
J. Jeffries will soon sail for Europe  
and when he returns to this country  
this Summer will go into training for  
the fight with Jack Johnson.—Sher-  
iff J. F. Shipp and five deputies re-  
ported in Washington yesterday to be  
sentenced for contempt of an order of  
the Supreme Court in connection with  
the Chattanooga lynching case.—The  
National conference in the interest of  
the American negro began its session  
in New York yesterday, with several  
addresses on questions affecting the  
race.

## DEATH DUE TO HOOK WORM

So Declare Physicians—London Caso  
Before Governor—Lumber Con-  
vention Delegates—Colored  
Boy Drowned—Notes.

(Special Star Telegram.)  
Raleigh, N. C., May 31.—Opinion of  
the physician expressed after nine  
years that the child was afflicted with  
the hook worm disease instead of be-  
ing starved to death maliciously by its  
parents is one of the reasons given by  
Governor Kitchin for pardoning Geo.  
W. Griffin, serving 12 years for man-  
slaughter.

His wife, the step mother of the  
child, has already served a six years  
sentence. The charge was intentional-  
ly starving the child to death. Another  
pardon granted by the Governor is to  
Robert Johnson, serving 10 years for  
secret assault with metallic  
knucks. The prisoner is suffering with  
tuberculosis.

Governor Kitchin names as commis-  
sioners of the part of North Carolina  
to attend the several lumber conven-  
tions in connection with the Alaska,  
Yukon and Pacific Exposition the fol-  
lowing: Love H. Hines, Lenoir; J. R.  
Williamson, Columbus; T. G. Trenchard,  
Northampton; T. H. Pritchard,  
Onslow; J. A. Atkinson, Beaufort; J.  
R. Wheelch, Chowan; J. A. Fore, Meck-  
lenburg; N. E. Edgerton, Johnston;  
W. W. Barber, Wilkesboro; H. A.  
Page, Montgomery; D. M. Todd, Ashe;  
J. D. Morell, Wilkes.

Lewis Crowder, a 16-year-old colored  
boy was drowned in Parton's pond, 16  
miles from Raleigh Sunday afternoon  
while in bathing with a number of  
friends. He had never been in a  
stream bathing before and leaped in  
from an over-hanging log, calling to  
his friends, "Here goes." He went  
in head foremost and must have been  
seized with cramp as his body seemed  
distorted when it only partially rose  
to the surface. Life was extinct be-  
fore his companions could get him out.

Adjutant General J. F. Armfield of  
the National Guard has returned from  
Washington where he went to look  
into the situation as to the possibility  
of holding an encampment of the  
Guard at the Morehead this Summer.  
He reports the situation still unsettled  
with the prospect really against the  
possibility of the encampment. It is  
really deemed best to make sure of  
getting the equipment of the guard  
up to the regular army standard this  
year so as to be able to certainly pass  
the equipment examination next Jan-  
uary and let the encampment go over  
to next Summer.

The third trial of W. J. Mills and A.  
Bequest at Laurinburg on the charge  
of perpetrating an insurance fraud on  
Mrs. Bryant, now Mrs. McLaughlin is  
to come up this week before Judge  
Biggs and Insurance Commissioner J.  
R. Young left for Laurinburg to take  
a hand in the prosecution. The two  
men are charged with getting about  
\$10,000 from Mrs. Bryant who had just  
come into the money through the  
death of her first husband.

After spending Saturday night in  
the city prison, sobering up considera-  
bly in the meantime, Charles D.  
Wildes was released on \$300 bond  
Sunday morning. He went at once to  
his home where he maintains bachelor  
quarters. A strong effort is being  
made to stop as far as possible the  
prosecution of Wildes for his escapade  
Saturday morning. Wildes' friends  
are insisting that anyone who knows  
Wildes knows that when sober and in  
possession of his faculties he is one  
of the very last persons who would  
think of committing such an act. Mr.  
Wildes declares, now that he is sober,  
that he has no recollection whatever  
of having gone to the Dunn home.

The Newbern Power Company, hav-  
ing authority to operate a street car  
system in Newbern and fifty miles  
around and to maintain power plants,  
manufacture street cars, railroad cars,  
automobiles and other vehicles for the  
transportation of freight and passen-  
gers, was chartered today. The in-  
corporators are R. P. Foster, J. W.  
Stewart, R. A. Nunn, M. D. Lane who  
take 12 shares of the stock. Another  
charter is to the Chadbourn Iron  
Works, capital, \$20,000 by W. O. Rich-  
ardson and others.

**MEN REPORTED FOR SENTENCE.**  
Sheriff and Five Deputies Go to Wash-  
ington.  
(By Wire to the Morning Star.)  
Washington, May 31.—Former Sher-  
iff J. F. Shipp, of Chattanooga, and  
his five co-defendants who are cited  
by the Supreme Court of the United  
States to appear before it to receive  
sentence for contempt of court in con-  
nection with the lynching of the negro  
Johnson, reached here early today.  
Johnson's five associates are Jeremiah  
Gibson, Nick Nolan, Henry Fredgett,  
William Mays and Luther Williams.  
The men say that they will be in court  
promptly tomorrow.

The men reached here in custody of  
United States Marshal W. A. Dunlap,  
and were accompanied by M. H. Clift  
and G. W. Chamlee, attorneys, the  
former of whom is looking after Shipp's  
interests. The entire party is stop-  
ping at a hotel and is under little or  
no restraint.

## TARIFF SCHEDULES

Senate Too Busy to Adjourn  
For National Holi-  
day.

## DUTY ON LEMONS INCREASED

This Will Benefit Florida and Califor-  
nia—Senator Gore Trees Bana  
Trust—Cotton Schedule Was  
Defeated.

(By Wire to the Morning Star.)  
Washington, May 31.—Senators  
were very sour looks as they entered  
the Senate chamber today because of  
having to meet on a legal holiday that  
most of them had usually devoted to  
exercises in commemoration of the  
day.

As soon as the tariff bill was taken  
up, consideration of the paragraph on  
lemons was resumed, and Senator  
Flint, of California, proceeded to de-  
fend the amendment proposed by the  
committee, on finance which increases  
the duty to one and a half cents a  
pound. Without the competition of  
California growers in the New York  
market the price of lemons will in-  
crease, said Mr. Flint.

The small duty asked for this in-  
dustry, he said, amounted on small  
size of lemons to one cent a dozen  
and without this protection against  
lemons from Sicily, he argued, the  
lemon industry of California would be  
wiped out. Its destruction he assert-  
ed, would immediately cause the price  
of lemons in New York to advance \$1  
a box as the price of the foreign sup-  
ply was only kept down by the compe-  
tition of the American product.

Senator Root made an impassioned  
appeal against any increase in the  
duty on lemons over the Dingley law  
rate of one cent.

Mr. Flint met a statement of al-  
leged high profits made by lemon  
growers, by declaring that they have  
made only four per cent. upon their  
business, and Senator Page expressed  
his hope that the duty would be made  
high enough to permit California and  
Florida to raise all the lemons used  
in this country.

After speeches by Senator Smith,  
of Michigan, supporting, and Senator  
Burkett opposing the finance com-  
mittee increase of the rate on lemons to  
1 1/2 cents per pound, the vote was  
taken. It resulted in sustaining the  
committee, 43 to 28. Senators Foster,  
Louisiana, and Fletcher, Florida, Dem-  
ocrats, voted in the affirmative with  
the Republicans, and Senators Root,  
Cleveland, Bristow, Burkett, Crawford,  
Cummings, Curtis and LaFollette, Re-  
publicans, with a majority of the Dem-  
ocrats, against it.

An amendment proposed by Mr.  
Burkett to change the method of tax-  
ing lemons from a tax per pound to a  
tax per box was defeated with divi-  
sion.

Mr. Gore, in offering an amendment  
placing a duty of six cents a bunch  
on bananas, said that the Republican  
party had promised the people a fish,  
but has given them a bunch of ser-  
pents instead. He hoped the people  
would give them a nest of scorpions in  
return.

"I think I have tread a trust," said  
Mr. Gore. "I am convinced there is a  
banana trust in this country."

He added that the six cent duty he  
proposed was equivalent to 19 per  
cent. ad valorem or one-tenth of a  
cent on each banana. This burden he  
said could not be transferred by the  
banana monopoly to the people but  
that it would add two and one quar-  
ter million dollars of revenue for the  
treasury.

"I charge here that the United Fruit  
Company has practically a monopoly  
of the banana importations and the  
banana business in this country. Mr.  
Gore declared: 'Here is a monopoly  
that will yield a golden revenue for  
the embarrassed coffers of this gov-  
ernment if a duty is placed on ban-  
anas.'"

"There is one other consideration.  
If you will make this tax on bananas  
we will soon seize all the bananas  
consumed in the United States."

Mr. Gore's amendment was defeated.  
The pineapple schedule was passed  
over at the request of Mr. Aldrich.  
Mr. Rayner declared that the Senators  
from Maryland and Florida were ar-  
ranged against each other on the pine-  
apple schedule and that there was a  
great deal of discussion on the para-  
graphs.

An amendment offered by Mr. Ald-  
rich reducing the duty on dried peas  
from 30 cents to 25 cents, per bushel  
was agreed to.

The finance committee's recommen-  
dation reducing the duty on chickory  
root, chocolate and cocoa were agreed  
without debate.

The duty on salt was reduced by a  
new amendment proposed by Mr. Ald-  
rich from 12 cents per 100 pounds,  
when in bags, sacks, etc., as provided  
by House, to 10 cents per 100 pounds  
and from 8 to 6 cents per 100 pounds  
when in bulk.

The cotton schedule then being  
reached, Mr. Aldrich said it was not  
his purpose to take up that schedule  
at this time. Notwithstanding this  
statement, Mr. Smith, of South Car-  
olina, made an elaborate speech on  
that subject, taking general ground  
against the protective policy.

## NO AGREEMENT YET

Firemen and Georgia Rail-  
road Appeal to Board of  
Arbitration.

## THE RULES AGAINST NEGROES

Cause of Unsettled Conditions—Neill  
and Knapp Give Up Fight for  
Peaceful Relations—Men  
Are at Work.

(By Wire to the Morning Star.)  
Atlanta, Ga., May 31.—Unable to  
agree upon the terms of settlement,  
the officials of the Georgia Railroad  
and of the Brotherhood of Firemen  
have invoked arbitration under the  
Erdman law. It was nearly 7 o'clock  
tonight when Commissioner of Labor  
Neill and Chairman Knapp, of the  
Inter-State Commerce Commission, re-  
luctantly gave up the battle to bring  
the warring elements together.

Commissioner Neill notified both  
parties to the dispute to select an ar-  
bitrator within five days. These two  
men will select the third. The Erd-  
man act provides that should two ar-  
bitrators be unable to agree upon the  
third member of the commission he  
will be named by Knapp and Neill.  
The decision of the arbitrators is  
made binding upon both parties by  
law.

As expected, the disagreement came  
over the retention of negroes. The  
firemen first demanded the dismissal  
of all negroes. This was refused flatly  
by the railroad. After considerable  
labor on the part of Messrs Neill and  
Knapp, the firemen submitted another  
proposition. They agreed that those  
negroes now employed or who were  
employed prior to April 10th should  
be retained on the present footing.  
Recent promotions of negroes had  
been cancelled before the men return-  
ed to work. They demanded that all  
white firemen should have seniority  
over all negroes. That is if a white  
fireman was employed today he would  
rank ahead of all negroes, no matter  
how long they were in the service  
when it came to promotion to better  
runs.

In addition, they asked that at no  
time should the number of negroes em-  
ployed exceed 25 per cent. of the white  
firemen on the company's payroll. If  
at any time the number of negroes  
employed dropped below 25 per cent.  
no more were to be employed. It is  
said that the Georgia Railroad might  
have consented to this were it not for  
the opposition of the Terminal Com-  
pany. When it was seen that agree-  
ment was impossible, the Federal offi-  
cials gave up the fight and ordered  
that the dispute go to arbitration.

When the men returned to work Sat-  
urday afternoon the road agreed that  
the status of April 10 should be re-  
stored. It was upon that date that  
the trouble began. The Company has  
promoted several negroes to good runs  
and removed white firemen to make  
room for them. Already the company  
has restored the white firemen to the  
runs they held upon April 10. All other  
disputed points and demands were  
conceded except the seniority of white  
men and the limitation as to the num-  
ber of negroes employed.

The white firemen claim that negro  
firemen are not held to a strict en-  
forcement of the rules as are the  
whites and they intimate that the pol-  
icy of the road seemed to be to dis-  
charge whites at every opportunity  
and replace them with blacks who get  
less wages. General Manager Scott  
denies this and declares his willing-  
ness to agree to a strict enforcement  
of all rules against the negroes.

The failure of the parties to the dis-  
pute to settle it themselves will not  
affect the status quo. The men will  
continue at work and say they are con-  
fident they will win in the end.

## JEFFRIES & JOHNSON TO FIGHT.

Heavyweight Will Go to Europe and  
Then Train for Bout.

(By Wire to the Morning Star.)  
Chicago, May 31.—James J. Jeffries  
will go to Europe in a few weeks and  
on his return will prepare for his bat-  
tle with Jack Johnson. Before leav-  
ing here yesterday Jeffries said:  
"I am going to Europe primarily to  
take the baths at Karlsbad and inci-  
dentally to fill a few theatrical con-  
tracts which I signed recently. When  
I return to America, which will be  
about the middle of the Summer, I am  
going direct to California and start  
hard training for my fight with John-  
son."

"When I return I will sign articles  
to meet Johnson, and take it from me,  
the fight will take place in this coun-  
try, if I have anything to say. Of  
course, I prefer to fight in California,  
but if better inducements are made by  
other promoters I am willing to ac-  
cept."

At Savannah, Ga., yesterday W. M.  
Garrard, master in the case of the  
holders of third preferred income  
bonds of the Central Railway of Geor-  
gia, who sued for interest upon their  
bonds for 1907, claiming the road had  
earned a sufficient sum to pay a divi-  
dend, filed his report, favoring the  
bondholders. The master found a sum  
exceeding \$800,000 which he decides  
is available for interest. The railroad  
will appeal.

## ZEPLIN MADE GREAT RECORD

Covered Distance of 350 Miles in 37  
Hours—Army Officers Like Air-  
ship Better Than Aeroplane.  
Great Achievement.

(By Cable to the Morning Star.)  
Goepfingen, May 31.—After cover-  
ing a distance of about 350 miles in  
37 hours, Count Zeppelin's new air-  
ship, on its return from Bitterfeld to  
Friedrichshafen, came to grief in an  
open field near here today. In maneu-  
vering for a landing the airship came  
into contact with a tree and its po-  
sition tonight is very dangerous.

The prow is broken and a consid-  
erable time must elapse before the jour-  
ney can be continued.

The position of the car is extremely  
unfavorable, the ground being very  
hilly. The bow rests on the ground,  
while the stern is about 65 feet in the  
air. A strong breeze sprang up to-  
ward evening, causing no little anxiety  
for the safety of the airship, which it  
was feared, would be wrecked should  
a storm come up during the night.

## PHILADELPHIA STRIKE

Men Imported to Take Place of The  
Men Who Are Out.

(By Wire to the Morning Star.)  
Philadelphia, Pa., May 31.—Strike  
breakers and motormen from other  
cities were put to work today in an  
effort to break the strike of the mot-  
ormen and conductors of the street car  
lines of this city. Notwithstanding  
these importations not a car left any  
of the barns after 8 o'clock and at 10  
o'clock the last car had been taken  
off for the night. Sympathizers of the  
strikers made demonstrations at the  
barns and many arrests were made  
by the police. Most of the prisoners  
were charged with nothing more seri-  
ous than calling the working motormen  
and conductors names.

Mayor Reyburn stated tonight that  
he would swear in ten thousand ex-  
tra policemen if necessary, and keep  
the cars running for the convenience  
of the public. The public will be ac-  
commodated, the mayor said, if the  
"city has to take over the transit com-  
pany's lines and run them itself with  
the firemen, the police and the extra  
police."

A crowd of strikes sympathizers at-  
tacked Leslie Snow, a motorman to-  
night. Snow drew revolver and fired  
five bullets into the crowd but no one  
was seriously injured. The police re-  
sued the motorman in time to save  
him from serious injury.

## CORNELL OARSMEN VICTORS.

Easily Defeated Harvard in Both  
Events Yesterday.

(By Wire to the Morning Star.)  
Ithaca, N. Y., May 31.—The Cornell  
oarsmen met and easily defeated Har-  
vard in both the varsity and freshmen  
events for eight oared crews on Cay-  
uga Lake today, winning the "big" race  
by a length and a half, in 10 minutes,  
41 seconds, and the freshmen event by  
four lengths in 11 minutes flat. In  
both races Cornell led from start to  
finish.

Both crews rowed a 32 stroke at the  
last, the Cornellians leading by a  
small margin to the mile, the Crim-  
son men, rowing in strong style but  
unable to gain an inch. At the mile  
post, however, Cornell began a series  
of spurts and Harvard dropped steady-  
ly behind, despite heroic efforts. At  
the last quarter Harvard gallantly  
tried to spur, but their effort met  
with a more vigorous reply from Cor-  
nell and the Cornell crew flashed  
across the line a length and a half to  
the good.

## RAM READY TO GO INTO SERVICE.

Demonstration to be Made to Test  
Ship for Service.

(By Wire to the Morning Star.)  
Philadelphia, May 31.—Final orders  
are awaited from Washington before  
preparing the ram Katahdin, now at  
Philadelphia, for her last voyage. It  
has been decided to make a demon-  
stration of the fitness or unfitness of  
that particular type of vessel.

It was also a question among naval  
experts as to the real value of the ram  
in battle. Although in service during  
the war with Spain the Katahdin did  
not go into any action and remained  
merely a member of the coast fleet.  
Her designers hoped great things for  
her, believing that her low freeboard  
and small superstructure would make  
an almost impossible target, enabling  
her to ram an enemy's vessel and es-  
cape serious damage.

The ship is now to be taken out to  
sea and used as a target for big gun  
practice on the Summer cruise of the  
Atlantic squadron which will com-  
mence June 17.

## UNVEILED LINCOLN STATUE.

Son of Ex-President Stricken by Heat  
During Ceremonies.

(By Wire to the Morning Star.)  
Hodgenville, Ky., May 31.—Robert  
T. Lincoln, son of President Lincoln,  
was slightly stricken by heat today to-  
wards the close of the ceremonies of  
unveiling his father's statue at Hod-  
genville, but soon was completely re-  
stored. His chief regret was that his  
illness prevented his taking the three-  
mile ride from Hodgenville to see the  
cabin wherein his father was born.

Fayetteville, N. C., May 31.—To-  
day's game between Wilmington and  
Fayetteville was a regular swatting  
fest in which the locals touched up  
Levy for eleven safeties and the vis-  
itors pounded Warwick and Clancy for  
an unlucky thirteen, the score having  
been 14 to 8 in favor of the Sailors.  
The following statement was issued

## HOW BANKS HELP EVERYBODY.

The Raleigh News and Observer calls editorial attention to one of the new features of the recent gathering of North Carolina bankers at Charlotte. Says our esteemed contemporary:

"At the Bankers' Convention in Charlotte last week, a new departure was made and, instead of a large number of long papers being read, the president of the convention, Mr. Herbert W. Jackson, of Raleigh, introduced a new feature of brief and rapid fire discussion of practical matters that affect the banks and the public. One of these was the question of advertising by banks, and the discussion developed the fact that the banks that have the largest business, that do the most good to their communities and are the most progressive are the strongest believers in publicity, and the opinion expressed by such banks was that advertising in the newspapers of large circulation was money well spent."

"The old time banker did not advertise and many of them thought it did not comport with the dignity of such an institution to insert advertisements. The result was that comparatively few people, and they only the business people, kept their money in the banks. The period when banks began to advertise has come co-existently with the time when the banks began to increase their deposits—when the people who had much money or little quit putting it in chimney corners and in their stockings, and put it in the banks. Bank advertising has not only helped banks, but it has been a great help in encouraging the people in habits of saving, for when a person gets a bank account he begins to wish to see it increase and to save money, so he may add from time to time to his bank account."

"Ten years ago the News and Observer did not carry the advertisement of a single bank in its columns, except periodical statements and now and then an advertisement in some special edition. Today it carries perhaps half a page of bank advertisements, including not only Raleigh banks, but strong banks elsewhere in the State, and the day is not far distant when all the large banks in North Carolina will use its columns to advertise. Of course newspapers have a selfish interest in this matter, but beyond that, this changed idea by which the banks seek publicity, instead of the old-fashioned policy that shunned public statement, has been a mighty impulse toward increasing deposits and putting every dollar in the State actively at work."

The Wilmington banks are among the most enterprising financial institutions in the South. They have advertised for years, and not only that, have reached out for business in various ways. They have done a great work for Wilmington and its people as well as for the banks. The Wilmington banks are known far and wide. They have not only won reputation for themselves but have made Wilmington notable as a banking centre. They have impressed upon the people the custom of depositing and the habit of saving, and it is difficult to estimate the value to business and the wealth added to the community by the regular deposit of business funds and savings. Persistent advertising by our banks has made savings depositors of many a person who otherwise might have learned the spending habit."

## GREAT FEAT WITH AN AIRSHIP.

A cablegram on Sunday from Berlin, Germany, tells us that Count Zeppelin, whose remarkable performances in his first airship brought unbounded honors to the inventor some months ago, accomplished on Sunday the most striking feat in his career. He guided his Zeppelin III, from Friedrichshafen to Bitterfeld, a distance of more than 456 miles without landing. The journey lasted nearly 22 hours and so far as known on Sunday night Count Zeppelin was still in the air, on the return journey to Friedrichshafen. He has already beaten all records for dirigible balloons.

This latest feat of the Count's reminds us that both the German Government and the people have liberally supplied money to perfect his inventions and produce an airship that will be of practical use. The Government was specially interested by reason of hope that air craft can be used to advantage for military purposes, both for making observations and for fighting purposes.

It was recently announced that, in addition to the \$1,500,000 which has been put at Count Zeppelin's disposal (partly by private subscription), at least \$1,000,000 more has been supplied to the bureau of studies in Germany for experiments with military airships. Altogether a sum has been made available for immediate use five times as great as a Congressional

committee wanted to give the United States signal service last Winter for similar work.

Speaking of the indifference of Congress to make appropriations encourage navigation of the air the New Orleans Picayune remarks:

"Perhaps the proposed appropriation for the benefit of American inventors would have been too generous, but the failure to give General Allen a single dollar stands out in vivid contrast with Germany's interest and liberality. In line with the active competition among the various nations for naval supremacy is to be noted the growing interest in the subject of aeronautics. Practically all the military Powers, except, of course, the United States, are experimenting with airships, and it is reasonable to expect that this country will shortly follow suit; in fact, the Signal Corps of the Army is already experimenting with a dirigible balloon in a small way."

## IN REPUBLICAN CIRCLES.

There seems to have been something doing in Republican circles in North Carolina the past week. It is stated that President Taft is anxious to see harmony established between the North Carolina Republican chieftains, and is willing to lend his aid and influence towards "bringing together all Republican elements in the State so that they will at least be on speaking terms." The fact is, it is declared that President Taft has practically given orders that the Republican factions must get together, and that the invitation extended to the three North Carolina Republican Congressmen, Messrs. Cowles, Morehead and Grant, to dine at the White House one day last week, was to get them together so he could tell them that the factions must disappear. This is the way the dinner order was put by Tom Pence, Washington correspondent of the Raleigh News and Observer:

"Duncan and Adams must lie down together, and that Morehead, Grant, Cowles, Holton, Skinner and the rest should get in bed with them. Of course this suggestion from the big chief created wry faces, but they promised to try the harmony diet for the good of the cause. The President wants the revived Industrial News to be the altar around which all North Carolina Republicans shall gather and smoke the pipe of peace."

On Friday, the Republican leaders in the State held a pow-wow at Greensboro. All three of the Congressmen were there but it seems that only Morehead and Grant met with State Chairman Adams, as Cowles is an adherent of Duncan, who is at loggerhead with Adams. It is hinted that, if anything the conference will tend to widen the breach between Adams and Duncan.

There is one North Carolina manufacturing enterprise that seems to be doing business. On Friday, which is not such an unlucky day, the Chatham Manufacturing Company, of Elkin, shipped 18 solid cars of blankets to different places in the United States, about half of them going to Chicago and St. Louis, from which points they will be distributed to different cities on the Pacific slope. The other half goes to Baltimore, Philadelphia and New York. Each car contained 1,100 pairs of blankets which made a grand total of 19,800 pairs or 39,600 single blankets. At \$4 a pair, which is rather under the average, it amounts to \$79,200 for this one shipment.

Elinor Glyn, the foreign writer who has been making observations in this country, remarks that there isn't any "flirt" in the American man but that he is a sort of "auntie" or "grandmotherly sort of person." Elinor must have gotten into a Sunday School convention, for if she is possessed of personal pulchritude and got into any other crowd she would not have failed to catch a glimpse of those goo-goo eyes.

The meeting of the cotton manufacturers in Richmond last week led to a "Southern Cotton Manufacturers' Number" of the American Wool and Cotton Reporter, a superior journal published in Boston. The number was a fine exhibit of our manufacturing progress, and it is gratifying to note that Charlotte had a conspicuous place in it.

Many of our Democratic contemporaries berated the Bryan issues and made declaration that if anti protection had been made the issue in the last election the Democratic party would have swept the country. Recent events have demonstrated that when it comes to the tariff we also have all kinds of Democrats.

Thomas F. Ryan, the New York financier, sends back word from London that we are on the eve of better times than ever before, if the crops holds up as they are expected to do. So we see that the financiers are looking to the crops for prosperity and not to the Republican party, the alleged sponsor of good times.

It is said that a New York woman has a voice that can be heard a mile. Even so, if she were to call to the old man to bring in the wood she would find out that he always ranges beyond the mile limit.

A woman in eastern North Carolina promised \$500 to a man to kill her husband. Evidently he was not the kind that is not worth killing.

# Take CARDUI

C 217

At Pittsburg on Saturday, says a dispatch, President Taft enjoyed himself by acting as pitcher in a ball game. Evidently he would make a better man at the bat, judging from the manner in which he recently knocked out the Republican pie catchers in North Carolina.

"The Democratic party is going to the devil" writes a Washington correspondent because some Democratic Senators have voted for protective tariff schedules. Well, it seems that Senator Aldrich is the emissary of his Satanic Majesty in getting them to go that way.

"Coco-Ginger Jingles" is a new soft drink that is being introduced. It may be so but we don't know whether any soft drink ever will be "equally as good" in hitting the right spot.

The author of the opera Florodora is said to be bankrupt. He's now in a position to realize the feelings of the Johnnies who also lost all on that famous Florodora sextette.

## CURRENT COMMENT.

—Those Squaw Democrats in Congress will be surprised at the lack of ovation they will receive when they get back home.—Memphis Commercial Appeal.

—Of course President Taft will not expect to get any delegates from North Carolina in the National Convention of 1912.—Clinton News Dispatch. (Rep.)

—The people of the country everywhere are becoming aroused on the subject of good roads. It is recognized that the tax levied by bad roads is far in excess of the cost of building good ones.—Maxton Scottish Chief.

—When the news that Senator Tillman has been treated to a ride in President Taft's auto reaches Col. Roosevelt, that gentleman will doubtless grab his trusty gun and pump lead into a few more inoffensive lions.—Des Moines Tribune.

—Newspapers throughout the State keep on calling The Anglo-Saxon a Republican paper. It is not. It is printed for the benefit of its many subscribers who are tired of politics, politicians and political papers. That's all.—Rockingham Anglo-Saxon.

—President Taft feels certain he will have the Tariff bill on his hands by June 20 and begin to envy Roosevelt, who has only a baby rhinoceros, a pair of cub lions, a buffalo, a python, Kermit and two magazine contracts on his.—St. Louis Post-Dispatch.

—State Chairman Adams will not call the convention that Mr. Lusk desires until the newspapers have time to order asbestos so they can print the hot language Mr. Lusk and 77,492 Republicans will use. If Chairman Adams ever gives them a chance to get together.—Raleigh News and Observer.

—The decrease in revenue during 1908 from whiskey licenses reported by the internal revenue department will hardly amount to more than \$5,000,000 from what it was in 1907, notwithstanding the number of States added to the prohibition column last year. "Strange how insidiously the morally stunted continue their 'nefarious practices.'—Chattanooga Times.

—The manifestation of friendly feeling on the part of the new administration of Charlotte for the Southern Power Company is cause for public gratification. It is an evidence that this corporation which has done so much for the city and is such an important factor in Charlotte's development, is to be treated as a "friendly corporation"—that the Southern Power Company has the good will of officials as well as general Charlotte. That being the case the Southern Power Company need fear no unjust treatment of any character, but on the contrary may feel in deed and in fact, that it is part of Charlotte. This expression of its attitude toward the Southern Power Company by the present city administration at the very outset of its term of office, the Chronicle considers a happy and fortunate circumstance.—Charlotte Chronicle.

—Mrs. B.—If I should die, would you ever forget me? Mr. B.—I think not. The Doctor said that I will suffer from dyspepsia all my life.—Kansas City Journal.

—Old Doctor—I was successful in my first case. Young Doctor—Indeed? Old Doctor—Yep. The executors of his estate paid my bill without a murmur.—Cleveland Leader.

—He—There was nearly a bad fire at the theatre. She—How was that? He—The villain lit a cigarette and tossed the match into the snow.—St. Louis Times.

—"Your pulchritude is peerless. You are an astounding aggregation of feminine faultlessness. Be mine!" "Sure," responded the girl. "I never could resist that press agent language."—Louisville Courier-Journal.

—Wife (on her return home)—Have you noticed that my husband missed me very much while I was away. Mary? Maid—Well, I didn't notice it so much at first, but yesterday he seemed to be in despair.—Pathfinder.

—Angry Patron—That's the third time you've given me the wrong number. You must have what they call the telephone car. Girl in Central Office—I beg your pardon, sir, but that isn't the trouble. You have what we call the cornmeal mush voice.—Chicago Tribune.

## COMFORTING WORDS.

Many a Wilmington Household Will Find Them So.

To have the pains and aches of a bad back removed; to be entirely free from annoying, dangerous urinary disorders is enough to make any kidney sufferer grateful. To tell how this great change can be brought about will prove comforting words to hundreds of Wilmington readers.

R. F. Rowan, 603 Castle St., Wilmington, N. C., says: "I have no reason to alter my high opinion of Doan's Kidney Pills which I publicly expressed some years ago, after I had used them with good results. Since then many people have called on me and asked if the statement I gave were true and it has always afforded me pleasure to answer in the affirmative. As the result of a strain, I suffered a great deal from backache. At times I was so lame that I could hardly stand up straight and my back was so weak that I could not lift. I used plasters and liniments but they did me no good and when I saw Doan's Kidney Pills advertised, I procured a box at Robert R. Bellamy's drug store. I felt relieved after a few doses and continued to take them until my back regained its strength and the pains disappeared. Since then there has been no sign of kidney complaint and I firmly believe my cure is a permanent one."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

## Sunny Brook THE PURE FOOD Whiskey

It is bottled in bond, therefore absolutely pure, natural, straight whiskey, mellowed by age only and with a delicious flavor. Used judiciously, its effect is both invigorating and exhilarating. The "Green Government Stamp" on each bottle is the official proof that it has been distilled, aged and bottled under the supervision of U. S. Government Inspectors.

## BUTTERFLY DANCE.

**Delightful Event at Lumina Last Night—Formal Opening Thursday.**

Some 600 persons attended the delightful Butterfly dance at Lumina last night. It was a very attractive affair and Lumina scored another big hit. The spacious ball room was filled with large and handsome butterflies, suspended from the ceiling by wires and the posts were covered with smaller butterflies. Each of the 30 porches was covered with a large transparent butterfly with a light behind it. Butterfly hat pins were given out as souvenirs.

The orchestra played in the new band stand and the large sounding board proved to be a great success. The music could be heard from any part of the pavilion.

The formal opening of Greater Lumina will take place Thursday and the orchestra of 10 pieces will render the music.

## Rev. Dr. Milton Much Liked.

Rev. W. H. Milton, D. D., who has been extended the call to the rectorship of St. James' church, preached three able and eloquent sermons, yesterday, in the morning at St. James and in the evening both at St. James and the Church of the Good Shepherd. He was most favorably received by the members of the congregations and at the close of the morning service was met personally by members of the Brotherhood. He has not given his decision as to whether he will accept the call. Rev. Dr. Milton returned to his home at Roanoke yesterday.

## Visited by Burglar.

David Conally, colored, corner of Tenth and Walnut streets, was awakened early yesterday morning by the noise of a burglar in his home. He awoke in time to see the negro, for he recognized the robber as such, as he made his escape through a window. Two pairs of trousers, a vest and a pen knife were taken along by the intruder. The burglary was reported to the county officers, but they have been unable to get any clew as to the thief's identity.

## REAL ESTATE MARKET ACTIVE

Future Prospects Look Bright to Real Estate Men—Many Transfers Being Made—Considerable Building Going On.

There is considerable building going on in the city now and it is the consensus of opinion that during the Summer months several handsome buildings will be erected in various parts of the city.

Business in the building line began to pick up a few weeks ago, several new buildings being started and any number of repairs and improvements being made on residential and business property.

The real estate market for the past few weeks has been the most active in months and the real estate men predict a big business during the remainder of the year. Real estate men stated yesterday that the prospects were brighter than for many months. Several big deals are pending and will probably be consummated shortly. Not a day passes without the record of one or more deeds of transfer. One real estate agent stated yesterday that he had handled more property since February 1st than for the whole of the six months preceding. There is quite a demand for suburban property and many transfers are being made.

There are very few empty houses of any kind in the city and the demand for modern residences in some sections is greater than the supply. Real estate men say that there is a lamentable scarcity of suitable residences for rent.

Among the permits issued by Building Inspector Bonitz for the month of May are:

John Metts, one-story, five-room frame building, corner Eighth and Ann streets, estimated cost, \$1,200.

N. H. Quinze, one-room addition to residence, 18 North Seventh street, estimated cost, \$500.

F. I. Brownell, one-story, three-room frame building, corner of Wright and Tenth streets, estimated cost, \$400.

Wm. Everett, one-story frame building, Dawson, between Tenth and Eleventh streets, estimated cost, \$350.

Wm. Barker, one-story, three-room frame building, corner of Fifth and Ann streets, estimated cost, \$500.

R. A. Biddle, one-story building on Castle, between Sixth and Seventh streets, to be used as a market house.

J. E. Wallace, six-room frame building on Fifth, between Ann and Nun streets, estimated cost of \$2,000.

N. Y. Pitman, one-room addition to residence, Ninth street, between Chestnut and Grace streets, estimated cost of \$300.

S. Abramowitz, addition to residence, Second street, between Orange and Ann streets, estimated cost \$260.

According to last week's issue of the Herald, Southport is also enjoying a building boom and prospects are splendid for a continuance for some time. Work on the new postoffice building has been commenced and will be pushed to rapid completion by Contractor Robbins. The fixtures for the office have been shipped and Postmaster Davis expects to occupy his new quarters in a short time. Mr. J. J. Loughlin is preparing to erect a new store building, work on which will commence as soon as the material arrives. Several neat little cottages are also being erected. Mr. R. W. McKeithan is building two one-story houses and Mr. Chas. Almgreen is erecting an attractive two-story residence on West street. The Herald's article concludes with this sentence: "It is a well known fact that desirable residences for rent are at a premium in the city and there is not a vacant house in town."

## INDICTED BY HOBO

**Coast Line Conductor to Answer Charge of Assault on Negro.**

In the Recorder's court this morning Mr. L. R. Pridden, conductor on an Atlantic Coast Line freight train, will be given a hearing on the charge of assault upon Charles Bealing, colored, with a deadly weapon.

Sunday night Mr. Pridden ran a freight train from Goldsboro to Wilmington. Before leaving Goldsboro some one cut the air hose on one of the cars. When the train reached Mount Olive the conductor discovered a negro, who gave him the name as Charles Bealing, in one of the coal cars stealing a ride. The conductor suspected him of cutting the hose, but had no evidence against him for that, but took charge of him for hobnobbing. After arriving in the yard here the conductor unfastened the cords which bound the prisoner's hands. Bealing made a dash for liberty and the conductor fired in the air to frighten him. The negro continued his journey for a time, but was finally overtaken and carried to the City Hall, where he spent the night. Mr. Pridden did not understand that he was to appear in the court yesterday morning against the negro and when he failed to show up the negro had a warrant issued against him for assault with deadly weapon. Bealing was recognized by the court for his appearance at the hearing today. Bealing will probably be tried for hobnobbing.

**"Measuring Party" Tonight.**  
An interesting and pleasing entertainment, in the nature of a "measuring party," has been arranged for this evening at Trinity Methodist church and a fine program of music will be rendered with a number of recitations. There will be other entertaining features and refreshments will be served during the evening. A number of the pupils of Mrs. Curtis-Arnall North's Elocution Class will take part in the programme. The entertainment is given for the benefit of the church building fund.

The celebration of National Memorial Day yesterday was confined quite exclusively to the colored people of the city, though the observance was general in the way of closing Federal offices and works and in the observance of holiday hours at the postoffice. All the government work on the river was suspended during the day and employees spent the day in the city and elsewhere.

The celebration by the colored people included a procession from Mable Hall, Sixth and Campbell streets, to the National Cemetery, headed by the Third North Carolina Band, and exercises there consisting of an address by Rev. Geo. D. Carnes, pastor of St. Stephen's A. M. E. Church, and other exercises. Rev. Geo. W. Moore, pastor of Central Baptist Church, acting as chaplain. Chief Marshal David Sasser and his aide, W. A. **The Usual Monday Morning Docket For His Consideration.**

Recorder Furlong had the usual number of Saturday night and Sunday offenders before him for trial yesterday morning. The session of court was of about an hour and a half's duration, but no cases of any special interest were tried.

Ethel Jackson and Spician Morgan, colored, sent up from Justice Bornemann's court, were tried in two cases, one warrant charging assault with deadly weapon upon Carrie Smith, colored, and disorderly conduct in the other. They were found guilty in each case and fined \$20 each and taxed with the costs. In default, they will be sent to the county farm for four months.

## DR. HALE SAYS FAREWELL.

**Preached Final Sermon to His Congregation Sunday Evening—Dallas.**

Rev. Fred D. Hale, D. D., retiring pastor of the First Baptist church, preached his final sermon to his congregation on Sunday evening, leaving yesterday afternoon with members of his family for Dallas, Tex., where he becomes pastor of the McKinley Avenue Baptist Church the first Sunday in June.

Dr. Hale's sermon Sunday night was rather a continuation of his discourse the Sunday morning previous and he spoke intimately of the work and the people with whom he has been associated during the past five years. He spoke most pleasingly of his relation with the great body and heart of the church and declared that the field here was a most inviting one for his successor. After the sermon, Mr. W. C. Peterson made a statement for the pulpit committee in which he asked the prayers of the congregation for those charged with the selection of a successor to Dr. Hale. At the conclusion of the service, a number of friends of Dr. Hale went forward and bade him good-bye while still others went to his home and to the train yesterday afternoon to say farewell.

## MANY CASES ARE CONTINUED

Superior Court Spends Practically Another Day on Walker Case. Verdict in Favor of Defendants—Waterworks Case.

Practically the entire time of the Superior Court yesterday was consumed with the case of Chas. Walker, et al., against J. F. Walker, et al., which was taken up Thursday afternoon. The case went to the jury shortly before 4 o'clock yesterday afternoon and after being out for a few minutes a verdict in favor of the defendants was returned by the twelve men.

The case involved the title to a piece of property, on southeast corner of Rankin and Anderson streets, 132x 330 feet in size, which was owned by Arnold Walker before his death in 1864. The question was whether or not the plaintiffs were entitled to a share in the property, which had been in undisputed possession of the defendants for more than 20 years.

When court reconvened yesterday morning argument of counsel was resumed, being completed at the afternoon session. The remainder of the day was spent in calling over the docket and continuing cases until the next term of court. The case of Willard Bag & Manufacturing Company against the Clarendon Water Works Company, which it was expected would be taken up yesterday, was continued until the next term by agreement of counsel on account of the illness of Witness Wm. Struthers. The action is brought by the plaintiff for damages in the sum of \$24,846.36 for the destruction of their plant in the Volders fire on the night of February 9th, 1906, alleging insufficient water pressure.

Other cases continued for the term were: Fred Hall et al. against Jane McDonald; Mary A. Lillycrop against the Woodmen of the World; J. A. Meeder against Murchison National Bank; H. & W. B. Drew & Co. against Willard Bag & Manufacturing Company; Chadbourne Sash, Door and Lumber Company against Georgianna Boyd, et al.; Garret Y. Clark, receiver, against Merchants & Farmers' Steamboat Company, et al.; Louis Tindal against Imperial Mutual Health & Life Insurance Company; A. W. Pate against Herbert McClammy, Esq.; J. C. Stevenson Company against Atlantic Coast Line Railroad Company; D. M. Gregg against S. J. Sligh & Co., et al. In the case of the City of Wilmington against Iredell Meares, Mr. Marsden Bellamy, Jr., as city attorney, was allowed to retire as counsel. It is not known what will be taken up when court reconvenes this morning as no case was set for trial. Adjournment for the day was taken at 4:30 o'clock.

## MEETING OF COMMITTEE.

Plans for Formation of Greater Wilmington Club Discussed.

The committee of fifteen appointed at the preliminary meeting of the "Greater Wilmington Club" last Tuesday night met in the office of Mr. A. B. Skelding, temporary chairman, yesterday afternoon at 5 o'clock to consider plans for the formation of the club. After some discussion a committee of three, composed of Messrs. A. B. Skelding, Louis Goodman and Woodus Kellum, Esqs., was appointed to draft a constitution and by-laws and report to the full committee next Monday afternoon. A mass meeting of the citizens will be called for Monday night if the committee is ready to make its report.

Many important matters were discussed by the committee. The matter of special dues was discussed and it seems to be the consensus of opinion of the members of committee that no special dues should be levied for a while at least. Chairman Skelding suggested that it would be well to have committees for streets and good roads, bridges and ferries, beautifying city, deep waterways, steamships, railway facilities, conventions, business men's trips, fairs and conventions, drainage of swamps, new industries and publicity. It was also suggested that the name be the "North Carolina Gateway Club" but action upon the matter was left with the members of the club.

The following named members of the committee were present: Louis Goodman, Esq., Henderson Cole, T. E. Wallace, Woodus Kellum, Esq., A. B. Skelding, M. W. Jacob, R. C. DeRoset, M. S. Willard, T. D. Love, N. Penny, W. B. Cooper and L. T. Moore.

## DR. JAMES B. WOODS.

Heard by Large Congregation on Sunday at Two Churches Here.

Rev. James B. Woods, M. D., of Charlottesville, Va., medical missionary to China and one of three very distinguished brothers in the foreign field of the Southern Presbyterian church, spent Sunday in the city as the guest of Rev. A. D. McClure, D. D., preaching at St. Andrew's in the morning and at the First Presbyterian Church at night and delivering the annual address at the children's day exercises at St. Andrew's at 4 o'clock Sunday afternoon. He was heard with great interest and pleasure at each of the three services.

The children's day exercises at St. Andrew's were greatly enjoyed and were highly creditable. Recitations by Misses Lucy Behrends, Eunice Andrews, Hazel Miller and Lucille McRackan were enjoyable features of the programme. It was shown from reports submitted that during the past year the Sunday School alone gave over \$400 to foreign missions, which is more than the entire church gave at the beginning of the pastorate of Dr. McClure. The address of Dr. Woods was greatly enjoyed. He left yesterday morning, returning to his home.

## JUNE 2ND.

Deposits made with The Wilmington Savings and Trust Company on or before June 2nd will receive interest at our regular September 1st quarter. Ju 1-2t.

## MEETING OF RURAL CARRIERS

Annual Convention of Eastern Carolina Association—Matters of Much Interest Discussed—Officers Elected—Insurance.

The annual meeting of the Eastern Carolina Rural Mail Carriers' Association was held in the Elks' Temple in this city yesterday morning with a large attendance of the members, who manifested the deepest interest in the deliberations of the body. Several matters of importance to the members were discussed at length.

President R. F. Gore called the meeting to order at 10 o'clock. Secretary D. J. Ward was at his post. Chaplain J. H. Fussell offered prayer after which a roll call showed the following named members present: R. F. Gore and J. W. Russ, of Wilmington; E. D. Pearsall, F. B. Orr, M. H. Pridgen and R. D. Pearsall, of Pender county; J. A. Wyche, of Columbus county; D. C. Fennell, of Sampson county; J. H. Fussell, S. L. Bradshaw and L. D. Deal, of Duplin county; D. J. Ward and J. W. Gay, of Brunswick county.

Two matters of great interest to the carriers were brought up and discussed. One was relative to automobiles for use in delivering the mail and the other was the formation of a fraternal insurance organization. It was shown that it cost a carrier from \$25 to \$30 to feed his horse and that a new buggy was needed about every 18 months. A discussion of fraternal insurance consumed considerable time of the meeting. It was decided to instruct the delegates to the annual convention of the State Association, which meets in Charlotte July 5th and 6th, to bring the matter before the larger body for consideration.

A vote of thanks was tendered the Elks' for the use of the assembly room for the gathering.

The following were elected officers for the ensuing year:

President, R. F. Gore; vice president, S. L. Bradshaw; secretary and treasurer, D. J. Ward; Chaplain, J. H. Fussell.

E. D. Pearsall, R. F. Gore and J. W. Gay were elected delegates to the State convention and J. A. Wyche, J. B. Fussell and D. C. Fennell, alternates.

The next meeting will be held in this city on September 1, Labor Day. The meeting proved a very interesting and profitable one and the out-of-town delegates departed for their homes with a feeling that the day was well spent.

## LUMINA'S FORMAL OPENING.

Season Opens With Big Concert Thursday Night—The Orchestra.

The formal opening of Lumina, the popular amusement resort on Wrightsville Beach where thousands of pleasure seekers journey each year, will occur Thursday, and the orchestra, which will be the largest and best ever, will render a delightful programme. The orchestra will consist of 10 pieces, each member being a musician of the highest rank, coming from engagements where nothing but artists are employed.

The new shell at Lumina will add greatly to the effect produced by the orchestra, and this is one thing Wilmingtonians should feel proud of as there is not another one like it south of Atlantic City.

Not only will the dancing be a feature but the afternoon and Sunday concerts will be of the highest order. The programmes selected will embrace works by the old writers as well as the lighter class of music by modern writers.

The library of the Lumina Orchestra contains some very fine and rare music and the director would be pleased to grant requests for special selections.

The interest and enthusiasm shown during the May Festival is positive proof that Wilmington people appreciate high-class music. Since they will have the opportunity of hearing a splendid orchestra all the Summer it is believed that great numbers will frequent the beach for the sole purpose of listening to the stirring selections of the musicians.

Director John F. Kneisel has secured three soloists and one of these will be heard at each concert. Mr. Marvin R. Cone, the "cellist," comes from Toledo, Ohio, where he has been first "cellist" in the Toledo Symphony Orchestra under Arthur Korthoeur and is very prominent in musical circles in that city.

Mr. Frank B. Schirch, cornetist, is from New Haven, Conn., where he has been connected with the leading musical organization of that city and has appeared several times as a feature at the concerts given at Yale College. The trombonist will be Mr. A. Poudroux, recently with Arthur Pryor's Band, and at present on a concert tour which will close in Montreal, Canada. He will come direct to Wilmington from that city. His tone and technique is remarkable and a number on any programme by him has always been a treat to music-lovers.

Two attractive programmes have been arranged for Sunday's concerts and if the weather is favorable for an outing at the beach there will doubtless be a large crowd present.

The instrumentation of the orchestra is as follows: First violins Director Kneisel and Chas. Fausse; piano, Alfred C. Munson; bass, W. S. Thomas; cello, Marvin R. Cone; flute, Antonio Punaro; clarinet, M. E. Carrea; cornet, Frank B. Schirch; trombone, A. A. Pariseau; drums and tympani, Frank Pfeiffer.

## BOAT CAPSIZED, ONE DROWNED

John O. Stack Drowned While Five Others Had Narrow Escapes. Were Deck Hands From Dredge—The Rescue.

John O. Stack, a white man, lost his life by drowning and five others, all deck hands from the dredge Jacksonville, had narrow escapes from sharing a like fate, when their boat capsized in the river off the Kidder Lumber Company's wharf, yesterday afternoon at 2 o'clock, when they were returning to the dredge after spending a holiday in the city.

There were no eye witnesses to the accident and their distress was made known, when they began to cry for help, which was heard by several persons in the yard of the Wilmington Coopersage Company. The men were making frantic efforts to swim ashore, but had been caught in the swift tide and were making little progress when Mr. James C. Harris, superintendent of the latter company, sent a boat out to them, which after some few minutes succeeded in picking up five, all who were in sight.

James Billups, a colored man effected the rescue, having placed himself in a dangerous position in getting the drowning men out of the water. He deserves much credit for his ready response to carry out the boat. Stack was never seen after he went down, several boats having been sent out after the five other men had been brought ashore, but all efforts to locate him proved fruitless. It is stated that he was unable to swim and was otherwise at a disadvantage, due to the fact that he was wearing a pair of boots, which weighed him down. One of the number brought ashore re-

mained unconscious for over an hour and only survived after he was given medical treatment.

The details of the accident as told by the men, who were rescued, is to the effect that the small boat in which they were rowing was well loaded and capsized when two of the men fell to the heavy side in trying to pass each other. The men came to the city in the boat from the dredge, which is located some 15 miles down the river, in the morning, and were returning when the accident occurred.

Captain Robert Carleton, of the dredge, with several others, went to the place of the drowning last night and spent several hours in that locality dragging the river for the body.

Stack lived in the city and resided at No. 712 North Fourth street. He was about 28 years old and had been working on the dredge for some time. He was originally from Salisbury and is survived by two sisters, Mrs. W. H. Collins, No. 515 North Third street, and Mrs. R. B. Bloodworth, of Rocky Mount, N. C.

No information from the searching party could be obtained up to a late hour last night.

## Sunday Wedding Event.

McLaughlin, solemnized at the home of the bride's mother, Mrs. Mary Marshall, No. 10 Wooster street, Sunday evening, was witnessed by a number of friends and was a pretty nuptial event. Rev. J. S. Crowley, pastor of Immanuel Presbyterian church, was the officiating minister. They received the happy congratulations of all in attendance.

## PLEASING ENTERTAINMENT.

Delightful Programme at St. Mathew's English Lutheran Church.

The entertainment at St. Mathew's English Lutheran Church last night by pupils of the Sunday School was largely attended and it was an evening of enjoyment for all present. The entertainment was given for the benefit of a fund to erect an extension to the Sunday School building and will be repeated tonight, beginning at 8:30 o'clock.

About 60 pupils of the school took part in the exercises, which were of an unusually interesting nature. The participants carried out their parts in a most admirable manner, winning the unstinted praise of all present. The programme consisted principally of marches and songs which were exceedingly well rendered.

The feature of the programme was the "Crowning of the May Queen," participated in by 24 pupils of the school. Little Miss Elizabeth Bearden, daughter of the pastor, Rev. Geo. S. Bearden, was elected queen. After the crowning event she made a short speech to the pupils.

The entertainment will be given again tonight and deserves an audience like the one which greeted the performers last night. An admission of 10 cents is charged.

## Mail Facilities at Wrightsville.

## DIED IN ASHEVILLE.

Remains of Mr. John Odam Will be Brought Home Today.

Friends in this city of Mr. John A. Odam were pained to learn Sunday of his rather sudden death late Saturday night in Asheville, whither he went some time ago in the hope that the climate there would prove beneficial to his health. The remains will reach the city this morning on the 9:25 o'clock train and will be carried to Bellevue cemetery where a brief funeral service will be conducted by Rev. J. S. Crowley, pastor of Immanuel Church, after which the body will be laid to rest.

A letter was received from Mr. Odam only a few days ago stating that he was rapidly improving and would be home in a short time. His family and friends were totally unprepared for the shocking news contained in a telegram received Sunday morning notifying them of his sudden demise. The deceased was 31 years old and is survived by a wife and two small children, one brother, Mr. Emerson M. P. Odam; two sisters, Mrs. Lula M. Potter, Cora L. Horton, and his mother, Mrs. Emma Odam, who have the sympathy of all in their bereavement.

## Postoffice Receipts Show Increase.

Receipts at the Wilmington postoffice for the month of May at the close of business last night show an increase of \$177.21 over same month last year in spite of all the talk of hard times and continued depression of business. The receipts for May this year were \$6,700.29, while for the same month last year sales amounted to only \$6,523.08. Taken with the 33 1-3 per cent. increase last month, when the sales were over \$10,000, it is plain to be seen that the showing for the quarter is going to be a remarkable one.

## SPIRITS TURPENTINE

—Newbern, May 29.—Mr. Mark Stevenson, Jr., has purchased the interest of Mr. T. G. Hyman in the Newbern Building and Supply Company and will conduct the business by himself hereafter, using the same name as heretofore for the firm.

—Warrenton, May 29.—Upon an offer of Mr. Thomas D. Peck, a wealthy cotton mill man of Massachusetts, to put up \$60,000 on condition that the business men of the town raise \$40,000 at an informal meeting tonight the amount was quickly subscribed and site donated. Mill will go up at once.

—Wadesboro, May 30.—Considerable complaint is being heard on the streets concerning the violation of the prohibition law in Wadesboro recently. There is no question that beer and whiskey is being sold by somebody but the town officials seem to be unable to catch the offenders. The town board of commissioners will meet Tuesday night to consider the appointment of a chief of police and two assistant officers for the ensuing year.

—Monroe, May 30.—The election on the bond issue of \$25,000 for the purpose of funding the town's debt on the power plant, and for meeting the requirements of the contract with the Southern Power Company, took place yesterday, and the issue was approved by a majority of 69 of the registered vote. The actual majority of the vote cast was 232, but many of those on the registry list did not vote. Everything is now ready for the Southern Power Company to furnish electric power and lights to the town and to private enterprises, which will be done at once.

—Newbern, May 29.—A franchise for an electric street railway in Newbern has been granted by the city council to Messrs. R. P. Foster, R. A. Nunn, their successors and assigns, for a period of thirty years. Work is to begin within one year and in six months after beginning the work at least two miles must be in operation and cars running on a regular schedule of not over two hours apart. Just what the plans of the promoters are has not been made public, but if any city in the State needs a car system, Newbern does.

—Winston-Salem, May 29.—The leaf tobacco market has again been on a boom caused by the fact that the breaks have been quite heavy. About 100,000 pounds have rolled into market this week, much to the surprise of local tobaccoists. The average has been about \$9.50 per hundred, with some wrappers bringing fancy prices. The wet weather has offered the growers the opportunity they wished for and perhaps four-fifths of the new crop has been set out. The plants are reported looking fine and very few dying.

—Sanford Express: The Rockingham Post says that political speculation for next year has already begun. It is rumored that Congressman Page will be a candidate for re-election. It is also reported that Hector McLean, of Scotland; Frank Armfield, of Davidson; Senator Foster Hanks, of Davidson, and two solicitors—Robinson and Hammer—would like to have the job. S. E. Williams, of Lexington; W. L. Parsons, of Rockingham; U. L. Spence, of Carthage, and J. R. Blair, of Troy, are also spoken of as candidates. Since the salary was increased to \$7,500 a year it is a soft berth and a nice one.

—Elizabeth City, May 30.—News reached here this morning of a most unusual and painful accident over in Camden yesterday afternoon. Mr. W. H. Upton, a prominent truck farmer of that section discovered a large snake under his residence and going out with his shotgun, in company with a friend, Mr. Joseph Seymour, fired under the house at the snake. The ricochet of the shot caused one of them to strike Mr. Seymour, who was standing beside Mr. Upton, directly in the eye, penetrating the optic nerve. The wounded man is suffering agonies and has been hurried to a Norfolk hospital in the hope of saving the eye.

—Asheville, May 29.—Asheville tonight is a city beautiful. With ten thousand electric lights twined and inter-twined along and above the principal streets of the town; with hundreds of other electric lights crossing and recrossing the main thoroughfares and still other hundreds of lights stretching in glimmering strings from the spiral-like Vance monument to the beautiful park surrounding and yet still other hundreds of lights setting out the city hall in the background, the town is literally ablaze with welcome to the hosts of T. P. A.'s who have already commenced flocking into the city. The illumination of the streets and the public buildings and business fronts is the greatest in the town's history. Pack Square and Patton avenue and the two main streets, the principal portion are as light tonight as though the sun shone. All along the streets are elaborate decorations with many "Welcome T. P. A." signs strung from house top to house top and from corner to corner. The streets are thronged with people, and perhaps never before in the town's history was there such a manifestation of civic pride. The people of the town have done nobly.

—Rocky Mount, May 29.—Residents of Plymouth and neighboring vicinity are puzzled over the finding of an open vault about three by two feet in width and about two feet in depth on the bank of Roanoke river about 150 yards from the Atlantic Coast Line station there. The vault was opened one night last week and by parties unknown, and the fact of the existence of such a vault was not known to the residents there, and as to what was contained therein is also unknown in that little hamlet. The opened vault is made of old style square English brick, and the vault is nicely sealed inside and out, and has every evidence of having been built a number of years ago. In the bottom of the vault it is nicely sealed by a stone slab therein, and its every evidence is that there was something valuable stored therein. The position of the vault is near the site of the old custom house of the government, that existed there before the war between the States. That there is reason for the existence of an abundance of mystery in the case is evident, for only was the Pamlico Sound and the rivers flowing therein the hiding place of that greatest of all American pirates, Capt. Kidd, or Blue Beard, but it is thought by all the older residents there that his treasures are hidden somewhere on the banks of these waters. Plymouth was several times taken and retaken by the Federal and Confederate forces during the Civil War and it may be that treasures were secured there in order that they might not fall into the enemy's hands. The finding of the opened vault one morning this week has caused no limited amount of talk and conjecturing.

**A Thrilling Rescue.**  
How Bert R. Leau, of Cheney, Wash. was saved from a frightful death is a story to thrill the world. "A hard cold," he writes, "brought on a desperate lung trouble that baffled an expert doctor here. Then I paid \$10 to \$15 a visit to a lung specialist in Spokane, who did not help me. Then I went to California, but without benefit. At last I used Dr. King's New Discovery, which completely cured me and now I am as well as ever." —The general public was not advertent to the fact that there was a significant contest at the meeting of the American Manufacturers' Association at Richmond last week. According to the Charleston News and Courier the question was up to them whether the association should be committed to a "tariff for protection or a tariff for revenue with incidental protection," and this question came in the contest for the presidency between Mr. Lewis A. Parker, of Greenville, S. C., and Mr. D. A. Tompkins, of Charlotte, N. C. The election resulted in the election of Mr. Parker which pleases the News and Courier and it says: "While the line between 'protection' and 'revenue with incidental protection' is dim and often disappears, the larger and real question in the election was whether the Southern textile manufacturers should be committed squarely to the Republican view of protection, of whether they would abide on the Democratic side. If the Tompkins' view had prevailed, the Rubicon would have been crossed and the subsequent transportation of the Southern manufacturers with all their luggage and camp followers into the Republican lines would have been of easy accomplishment upon favorable occasion. That the danger of this lurked among the manufacturers has been the subject of frequent assertion, but the victory of Mr. Parker and his friends is clear proof that it has been overestimated."—Raleigh News and Observer.

New York, May 25.—The application of John S. Dudley to have a temporary receiver appointed for the United States Express Company was withdrawn today when the case was called in the Supreme Court. Counsel for the plaintiff said the application would probably be renewed in a few days. They added that they were in communication with James Manhattan, of Minneapolis, counsel for Senator Benjamin E. Sundberg. Mr. Manhattan, they said, notified them that Senator Sundberg was bringing an action against the Adams, American and United States Express Companies to compel them to produce their books before the Interstate Commerce Commission. According to papers forwarded by Senator Sundberg's counsel, the Senator charges the three companies with exacting payment of unreasonable rates by maintaining a monopoly of the express business.

—Goldsboro Headlight: We are informed that the Norfolk & Southern Railway does not intend to be forced by the Corporation Commission to enter the union depot in this city. They will comply with the law of giving the traveling public the proper depot facilities by fixing up the vacant building near the cotton yard for that purpose and changing the train arrivals of this city so that transfers could be made in ample time. This change will not cost the company more than \$5,000, while in the other event they are liable to the terminal company for \$300,000. The Corporation Commission has postponed the hearing on this question to June 15th.

**Experts Endorse a New Cooking Fat.**  
"Marion Harland," Mrs. Janet M. Hill, and Mrs. Sarah Tyson Rorer, are three cooking authorities whose names are familiar to almost every housewife. Each had her own distinct methods of work, but it is interesting to note that on the all-important question of a cooking fat, they are unanimous in recommending COTTOLENE. "Marion Harland" says of COTTOLENE: "It has given complete satisfaction." Mrs. Hill says: "Very satisfactory; glad to recommend it." Mrs. Rorer says: "A much more healthful product than lard." With such authority behind it, every housekeeper will be safe in giving COTTOLENE at least a trial. It is a vegetable oil shortening, purer and more wholesome than lard—and it is cheaper, too, one-third less being required.

Decatur won 2 to 1. The actual playing time was 4:20. Bloomington scored its one run in the first inning, while Decatur scored one in the third and one in the 26th. TORNADO OF GREAT FURY. Thirty-two Killed, Fifty Injured in Village of Zephyr Sunday. (By Wire to the Morning Star.) Brownwood, Texas, May 30.—A tornado of great fury struck the little village of Zephyr, in the eastern portion of Brown county, at 1 o'clock Sunday morning, and left a path of death and destruction seldom paralleled. The storm formed half a mile southwest of Zephyr and swept down upon the village, cutting a wide swath directly through the residence and business district.

STRIKE IN BALTIMORE. Machinists Ordered Out of Baltimore And Ohio Shops. (By Wire to the Morning Star.) Baltimore, Md., May 31.—It was announced tonight that President James O'Connell, of the International Machinists Union, has sent out a call for a general strike of all the machinists employed in the repair shops of the Baltimore and Ohio railroad system. This action was taken it is said because of the refusal of the company to abolish the piece work system recently introduced at the Mount Claire shops in this city.

GETTYSBURG MONUMENT. President and His Daughter Centers of Attraction. (By Wire to the Morning Star.) Gettysburg, Pa., May 31.—This was the day of tardy honor to the "Regular" at Gettysburg. An imposing shaft of granite, erected by Congress to the memory of those of the regularly enlisted forces who fell in the three days fighting about Round Top and the Bloody Angle, was unveiled by the President's daughter, Miss Helen Taft, while the President himself paid tribute to officers and men of the United States army past and present.

The President put himself squarely on record as opposed to any reduction in the present standing army. He told of the prejudice which often has arisen against the possible aggressions of a regular army and professional soldiery and of the corresponding difficulty in arousing that love and pride of the army which expresses itself today and has frequently expressed itself in the past, in behalf of the navy.

The ceremonies of the unveiling were simple. Miss Taft pulled the silken cord which released the flags draped about the monument and in falling, one of them caught on a bronze eagle decorating one of the inscribed tablets. A trooper gave the flag a tug, but it could not be released until quite a hole had been torn in the folds of the stripes.

The President spoke from a platform erected near the monument. He was followed by Secretary Dickinson who presented the monument to the battlefield commission.

One person was drowned and five others narrowly escaped a similar fate in the Potomac river near Washington yesterday when a large gasoline launch carrying three young married couples caught fire from an explosion in the oil can, forcing the occupants to leap overboard 100 yards from shore.

## RESIDENCE BURGLARIZED

Home of Mrs. Fannie Johnson Entered by Robbers—No Clue.

The residence of Mrs. Fannie A. Johnson, No. 609 Walnut street, was burglarized between 5 and 6 o'clock Sunday morning, and the thief or thieves took off a quantity of silverware, including part of a very handsome tea set, a bundle of magazines and helped themselves to provisions in the pantry where numerous depredations were committed.

The matter was promptly reported to police headquarters, but as yet there is no clue to the intruder or intruders, but it is believed that it was done by negro bootblacks who were following newspaper carriers and stealing papers from subscribers' doors.

Entrance to the residence was effected by raising one of the bay windows on the east side of the house. A window curtain was torn down and in this stolen article were evidently wrapped and carried off. A large mantle clock was stolen but being too heavy was thrown in a back lot.

It stopped between 5 and 6 o'clock and in that way the time of the robbery was established.

Sewerage Committee Meets. The special committee from the Board of Aldermen composed of Messrs. Ellis, Hinton, Yopp, Willard and Bonitz, met yesterday afternoon in preliminary session, but transacted no business of public interest, merely arranging to take up the matter of municipal ownership of a sewerage plant where it was left off by the last administration. Later it is expected that the Board of Audit and Finance will appoint a committee to act with the committee from the Board of Aldermen, the two boards having concurrent jurisdiction under the law in effecting the purchase of any plant.

Dear Sir: Whatever may be your business, you cannot make progress without connecting with a banking institution offering facilities which will enable you to compete with other business men. Many merchants and traders are handicapped because they do not enjoy the advantages offered by a modern banking service. A service in which the personal element is entirely eliminated, and each application or transaction is treated upon its business merit.

This institution is conducted upon the broad principle of having no favorites, and adhering strictly to the requirements of the United States Government, by which it is supervised. At the same time, the bank takes special interest in being of service and offering all legitimate encouragement to the small merchant, the young business man, and any worthy industry. Your account would be welcomed, regardless of its size. Yours truly,

THE SOUTHERN NATIONAL BANK. jun 1 tf
